FOUR SCHOOLS WIN IN INTERSCHOLASTIC LEAGUE EVENTS FRIDAY AND SATURDAY

CAMERON WINS CLASS A ATHLETICS HERE FRIDAY

ROCKDALE WINS CLASS A LITERARY—MILANO SCHOOLS HIGH ALSO IN SHOWINGS

Cameron won the class A championship of Milam County from Rockdale Friday with total points of 88 to 56 for Rockdale. There was no doubt as to the winner from the first event till the last. Cameron had four men who could have easily won the meet themselves. Powers and Young tied for high point men with a total of 18 each and they were closely followed by Don Slocomb with 17 and Hubert Ard with 15. These four men counted for 68 of Cameron's 88 points. Daniels was high point man for Rockdale with 13 points. Big Dan won first place in the shot put and discus and took second in the javelin. Ellis Power came to Cameron this year from Orange with a reputation of being a good track man and if anyone doubted this heretofore all doubts should be erased from their minds now. He won the 440 yard dash with the time of 55 seconds which is remarkable time when you take into consideration the very poor track that he had to run on. On top of this he won the broad jump and finished close behind the fast stepping Ard in the 100 yard dash. He also placed second in the high jump and took third place in the javelin throw. He entered five events and took a place in each event. Bob Young who tied Power for high point man is also a new man at Yoe High, coming from Buckholts here this year. He won the pole vault, the javelin throw, placed second in the shot put and the discus throw and took third place in the mile run. Slocomb was next man with 17 points. He is one of the best hurdlers that Yoe High has ever produced. He won first place in both hurdle events and the half mile run and finished third in the broad jump.

MUSICAL COMEDY HERE FRIDAY NIGHT APRIL 1

MISS ELOISE ROGERS AND PUPILS TO PRESENT ENTERTAINMENT

A musical comedy "Miss Caruthers Returns" will be presented by the Blue Bird Choral Club at the Yoe High school auditorium on Friday night, April 1 under the direction of Miss Eloise Rogers.

The curtain will rise at 8 p. m. and the big auditorium will be filled for the occasion.

The first part of the program will feature popular musical numbers with a selected chorus of local artists who have been instructed by Miss Rogers.

The comedy follows a clever plot and is full of snappy songs and dances.

Miss Rogers has just returned from an appearance for the Kiwanis Club in Austin in a special entertainment to honor Governor Moody. She sang for the Kiwanians.

A small admission charge will be made for the entertainment which promises to be one of the outstanding presentations of the season in Cameron.

The chorus is as follows: Helen Blaylock, Lillian Mondrik, Frances Hause, Katherine Leath, Ethel Green, Lois Robbins, Ruby Robbins and Lois Randolph.

The following program of popular songs will supplement the musical comedy and will be one of the big features of the evening:

Hellie Bluebird Florence Atkinson and Chorus.

I'm Telling the birds—Telling the Bees, Chorus.

Ukelele Solos, My Cutie's Due At Two to Two Today, There Ain't No May in My Baby's Eyes, Sue Griffin Webb.

Just a Bird's Eye View of My Old Kentucky Home, Chorus.

Meadow Lark, Inez Evans and chorus.

COMMERCIAL CLUB TO NAME OFFICERS FOR YEAR

AVRIETT ACTIVE VICE PRES. FIRST NATIONAL

RECOGNITION OF SERVICES GIVEN BY BANK IN ELECTION TODAY

Giles L. Avriett has been elected active vice president of the First National Bank.

The election of Mr. Avriett occurred today at a meeting of the stockholders of the bank.

Mr. Avriett came to the service of the First National Bank in the latter part of 1926 after closing out his grocery business in Cameron.

The election of Mr. Avriett as active vice president of the bank comes as a recognition of his services since he became a member of the force last year and his friends here and elsewhere will be pleased with the announcement of his election.

Mr. Avriett has brought to the bank experience and training in business that make his services valuable to the bank and in the opinion of the officials and stock holders the elevation of Mr. Avriett to the active vice presidency is deserved recognition for the splendid work he has done during the past few months.

Mr. Avriett was born and reared in Cameron. He has served as district clerk of the county and other places of responsibility. He is now county auditor and the county's affairs are in such condition as to show the application of fine business management to the government. After his graduation from the University of Texas Mr. Avriett served in the general land office of Texas and for a time in West Texas in charge of the division.

Although Mr. Avriett had never been identified with the banking business prior to last fall, his keen intelligence and background of business experience have won for him the recognition that comes with his elevation made in the meeting held Thursday.

By his election to this place Mr. Avriett will enter upon a larger field of service for the bank and his influence and ability will contribute much to the success and growth of the institution. His many friends will be pleased to hear of his promotion.

Mr. Avriett will be glad for his friends to call on him at the bank.

LUTHER EDMONDS GETS FIVE YEAR SENTENCE

JURY OUT 30 MINUTES GIVES DEFENDANT FIVE YEAR SENTENCE

Luther Edmonds was given five years in the state penitentiary by a jury in District Court this week on conviction of murder in connection with the death of Lydia Bartek here on the night of February 1.

Edmonds has been in jail practically ever since the crime was committed, being set at liberty under bond but was sent back to jail when one of the bondsmen withdrew. He is now in jail to await disposition of his case, if he plans an appeal.

Lydia Bartek was found dead in the room of Edmonds at night. An unlawful operation was charged in the case as having been attempted by Edmonds causing the death of the girl.

The jury in the case was out 30 minutes in reaching a verdict. According to District Attorney Lewis the defendant had made a confession shortly after his arrest last February.

Lorna Doone never lived and the romance of that name was founded on a myth, according to research workers.

Post Office Will Observe Closing Hours This Year

The postoffice will be closed during hours when employees are not in the building. Notices signed by Mrs. Bessie Hefley, were posted Sunday. This new closing schedule is by order of the government at Washington.

The postoffice will be closed from about 9:30 until 1 p. m. on Sunday and from three to five. The front door is locked and no one will be permitted to enter the lobby.

The people are asked to observe these hours and be prompt about getting mail and mailing letters.

BISHOPS CRUSADE IS HEARD BY MANY HERE

REV. W. D. BRATTON BRINGS MESSAGE TO EPISCOPAL CHURCH

Rev. W. D. Bratton of the Episcopal church was given a large hearing here in the three day services at the Episcopal church in the special program for the Bishop's Crusade arranged by Rev. J. P. Love, pastor.

Rev. Bratton preached four sermons while here, the services ending Tuesday night at the church. He is an able speaker and minister and his sermons gave Cameron people an insight into the work of the church.

Quoting Bishop Darst, who is National Chairman of the Crusade, we feel that we may well expect definite uplift under such leadership. He writes: "Is the Crusade to be simply a mighty gesture, or is it to result in experiences so real and significant that men will be constrained to go forward in Christ's name, to do Christ's work in Christ's way?"

"There can be no substitute for the devotion and loyalty and consecrated service of that great body of men and women and boys and girls, who make up the lay membership of the church."

"In the study of His own Blessed Word, you must find the way to a larger life; by earnest and continued prayer, you must keep the channel open between your willingness to serve and God's power to make your service worthwhile."

Continuing, Bishop Darst writes of the encouraging response:

From Maine to California, Texas to Minnesota, the messages are coming, and their uniformity would be monotonous were it not for the significance of this country-wide awakening of spiritual interest.

FOR CAMERON

Here is a worthy program for Cameron. Cameron needs these things and we should keep Cameron ahead:

NOTED LECTURER TO TALK ON MEXICO

PETER W. COLLINS AT YOE HIGH SCHOOL THURSDAY NIGHT MARCH 31ST.

A free public lecture on Mexico will be given by Peter W. Collins, internationally known sociologist and lecturer, in Yoe High School auditorium Thursday night, March 31st, at 8 o'clock, under the auspices of Cameron Council 2338 Knights of Columbus.

The lecture will be a popular presentation of fact about Mexico, its government, and its attitude to democratic ideas and institutions. The lecture is arranged as part of the Knights of Columbus Million Dollar Campaign for the education of the people against the domination of this continent by the Soviet.

Mr. Collins is especially well fitted to discuss Mexico. He has made a study of Mexico for twenty-five years and because of his expert knowledge was consulted by President Wilson in regard to Carranza and Mexican affairs. He was chosen by the trustees of the Church Peace Union, by such men as William Howard Taft, Cardinal Gibbons, Bishop Brent, President W. H. P. Faunce, the Rev. Francis E. Clark, and others of note, as a member of the commission to investigate the Mexican problem in 1920. He is an organizer of the American Federation of Labor and fully versed in the negotiations between the Mexican and American Labor Federations. Mr. Collins has lectured in over four thousand communities, talked to millions of men and women, answered thousands of questions put to him in public meetings, and has traveled over four hundred and fifty thousand miles in the past twelve years alone. He has devoted his life to presenting Americanism to American audiences and to opposing all forms of radicalism. He acted as Industrial Expert for the Government during the war, and was a member of secretary Hoover's conference for the study of unemployment.

The Knights of Columbus campaign against radicalism is in full swing. Mr. Collins is one of many noted writers and lecturers now on the platform in the campaign. Three million booklets setting forth facts about Mexico have been printed and are now being distributed in North and South America. Three million more booklets are in preparation. The Knights of Columbus pledged themselves at their Supreme Convention in Philadelphia to pursue this campaign against sovietism in America.

F. B. CABLE IS NAMED HEAD BAPTIST CLASS

CLASS NAMES OFFICERS AND TEACHERS FOR ANOTHER YEAR

F. B. Cable has been elected teacher of the Baptist Bible Class to succeed himself and J. B. White has been elected assistant teacher.

The committee on nominations reported last Sunday and the class elected all nominees. All officers, P. S. Graves, president and J. E. Mangum, vice president and John Ryan, secretary; Roy Law, class reporter, were re-elected.

The Men's Bible Class of the Baptist church met last Sunday on time and although the weather was bad we are glad to report a good attendance.

The Sunday School lessons for the past three months have been studies of the Christian life, and have been very interesting to all Sunday School scholars. The lessons for next Sunday

New Bus Schedule Is Announced From Waco To Cameron Daily

L. L. Lunn, manager of the South Texas Transportation Company, announces a new bus schedule between Waco and Cameron this week.

The changes noted in the schedule appear in an advertisement in this issue of The Herald and will be of interest to traveling people and the citizens of Cameron.

A feature of the announcement is the statement of rates for express packages and also the announcement of the connections with other big bus lines of the state.

VOLUNTEERS TO HOLD TAG DAY SATURDAY

CAMERON WOMEN TO SPONSOR WORK OF CHARITY IN CAMERON

The Volunteers of America founded by General and Mrs. Ballington Booth in 1896, a national institution having one or more headquarters in every state, has been given permission to hold a "children's Heart Tag Day" in Cameron on Saturday March 26th as has been done in other nearby towns.

The affair will have the following well-known patronesses: Mrs. F. C. Fahrendorf, Mrs. M. C. Sapp, Mrs. Edwin York, Mrs. Jeff T. Kemp, Mrs. R. B. Rylander, Mrs. W. H. Henley. Imogene Sapp will have charge of the children's work and finances. Headquarters will be Dr. Sapp's office, where tags and instructions will be given those who call there for them soon after nine o'clock Saturday morning.

The Volunteers of America have many activities especially in the larger centers where the needs are greatest, such as children's homes, day nurseries, home for working girls and for aged, boys clubs, employment bureaus, etc. Mrs. Booth's many years of Voluntary service in the prisons of the United States as well as her work in Europe are generally known. Her's were the first systematic efforts ever made to help spiritually the man behind the prison walls or to look after his family often left destitute while he serve this sentence.

The enterprise on Saturday will be a children's drive to help children in this state, little ones less fortunate than themselves, for the work is to be done entirely by the young people of the community.

As contest incentives as well as rewards for their good effort Cameron merchants are offering some attractive prizes and movie tickets for those who secure the largest amounts for their tags. The first a beautiful teddy bear bag by the Specialty Shop, second, a two pound box of chocolate by Jackson Pharmacy, third, hand painted handkerchief by Lalla Meyers, fourth, a box of candy by the Palace of Sweets. "Have a heart" will be the slogan and "Help an unfortunate" will be the appeal.

is a review of the lessons for the past quarter with special attention to Missions, Home and Foreign. The discussion of these most interesting topics is to be led by the assistant teacher of the class, J. B. White.

We urge all members of the class to be present on next Sunday that they may hear Mr. White in a review of the past three months work. No doubt some have missed certain lessons and should avail themselves of this opportunity to get a complete outline of the studies in the Christian Life.

Visitors are cordially welcome.

COMMERCIAL CLUB TO ELECT MONDAY NIGHT

MEETING MONDAY NIGHT OF MARCH 28 FOR NAMING OFFICERS

The Commercial Club will elect officers and directors at the regular meeting on Monday night, March 28. The by-laws of the club provide for the election of officers on the last meeting night of this month. It will be a membership meeting and all members are urged to be present.

The election meetings are accompanied with a banquet and a general program of music and speech making. The matter of providing the entertainment was referred to the committee.

T. A. Fisher in charge of the entertainment program announces a program for the meeting to be held in the district court room. There will be no banquet as has been the custom in the past. Every member is urged to be present.

BROTHERHOOD HEARS DR. J. SAM BARCUS

RADIO PROGRAM FEATURES MEN'S BANQUET THURSDAY NIGHT

The monthly banquet of the Men's Brotherhood was held in the basement of the First Methodist church on last Thursday evening with a large number present to participate in the delightful occasion.

The dining room was decorated with festoons of green and green and white streamers were in evidence throughout the room. A typical Irish program was rendered. Rev. J. P. Love was dressed in a green suit and tuned in on Dublin Ireland, where a St. Patrick's program was being cleverly broadcast. Jim Coleman acted as announcer over the Dublin station where the following had a part on the program:

Solo, Mack Harvey.
Quartet, A. C. Freeman, T. A. Fisher, W. H. Stafford and W. A. Bonds.
Harmonica Duet, W. A. Bonds and T. A. Fisher, accompanied by J. L. Clinton and Mrs. Gladys Hefley whistling the mocking bird variations.
Solo, Mrs. A. J. Triggs.
Piano Solo, Miss Lucille Dickard.
Duet, Mesdames C. S. Peyton and A. J. Triggs.

The ladies of Circle No. 4 served a delightful plate which was thoroughly enjoyed by the guests.

Following the radio program, the speaker for the evening, Dr. J. Sam Barcus, president of Southwestern University delivered an inspiring address.

John E. Blair Named District Engineer

Dr. J. Sam Barcus

John E. Blair of Waco has been named district engineer for this district, according to announcement of A. F. Mitchell, county engineer. He succeeds Mr. McCormick who has been engineer in charge for the past two years with headquarters at Caldwell.

The district headquarters has been moved from Caldwell to Bryan and will be maintained there. Mr. Blair is a resident of Waco.

An effort was made here to secure the district offices in Cameron but the powers at Austin would not consider Cameron for the headquarters.

So far no announcement has been made as to the appointment of a maintenance foreman for the county. A number have applied but no appointments have been announced.

It is rumored that announcement will be made within a few days.

A LOTTERY WITHOUT A WINNER

By W. R. MOREHOUSE

Public Relations Commission, American Bankers Association

(There is presented herewith the first of a series of articles exposing the wiles of sharpers who are after your money.)

ALMOST unbelievable amounts are lost to the American people annually from unwise ventures. This loss, estimated at nearly one billion dollars a year, is accounted for when you take into consideration that practically all of the money "invested" in numerous fake schemes and half-baked projects is forfeited by the investors. In presenting this series of articles regarding sharp practices and various kinds of swindles we hope to prevent thousands of people from falling into the traps already set for them by irresponsible and unscrupulous promoters.

W. R. MOREHOUSE

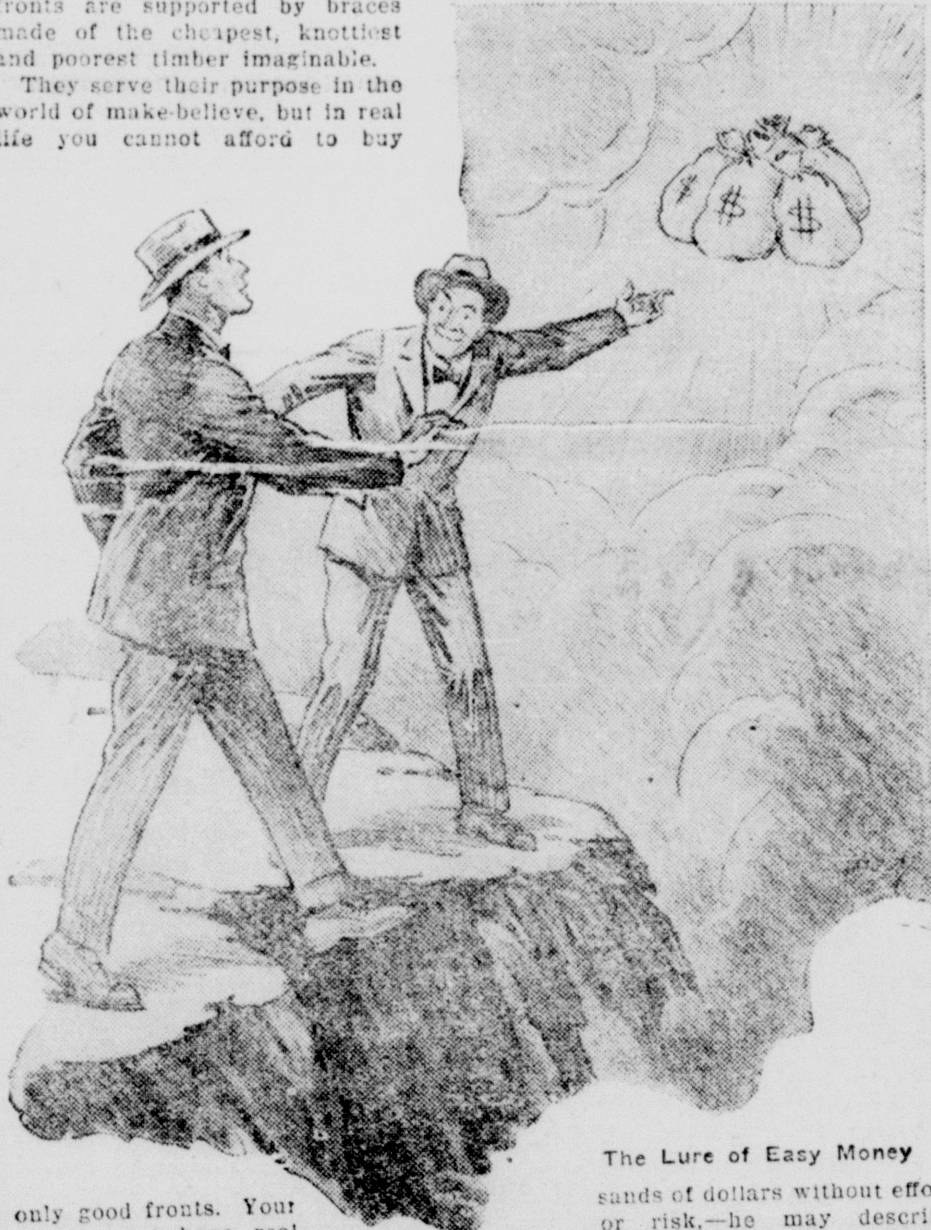

Through the use of only actual cases selected from several thousand, it is hoped to prove conclusively the futility of taking a "gambler's chance" with your savings, for as in a lottery without a winner you are bound to lose. Much of the material here used has been supplied by the Better Business Bureaus throughout the United States which are non-profit organizations serving the investor without charge and acting wholly in the public interest. Read these cases and then file them away for future reference, for sooner or later you may find yourself on the verge of "taking a leap in the dark"—of speculating with your savings as the people here told about were inveigled into doing.

A "good front" has put over more crooked deals than any other one thing. Every irresponsible promoter specializes in putting on a "good front" in his dealings with those whom he fleeces out of their savings. Whether or not he is successful is due to a large degree on how good a front he is able to put on. In motion pictures, the sets, or "props" as they are called, supply the setting for the scenes. They are used to portray things that seem large, things that seem grand and beautiful. Peer behind those sets and what do you see there? You see that the attractive fronts are supported by braces made of the cheapest, knottiest and poorest timber imaginable.

They serve their purpose in the world of make-believe, but in real life you cannot afford to buy

Satanic cunning they fall in line with their intended victim's likes and dislikes, his viewpoint and his hobby, and when they have gained his favor and trust they grow more and more confidential, presently taking a great interest in his welfare and happiness. Before long they are offering advice and pointing out how he can better his own interests by making a new disposition of his available cash or by selling his present good securities and buying others recommended by them.

Your promoter will draw upon your imagination and paint a picture of a scheme by which you can make thou-

The Lure of Easy Money

only good fronts. Your house must have real rooms behind it, your purchases and investments real values. In the field of wild-cat financing if you peer behind the "good front" which the promoter puts on you will find that it is supported only by deception, dishonesty and fraud.

Unscrupulous persons of the "good front" type are expert actors in the role of "big brother" to inexperienced investors with money at their command. As protector and advisor to the widow and the inexperienced, which they claim to be, they are in reality wolves in sheep's clothing.

Gaining the Victim's Confidence. In personal appearance they are impressive. As conversationalists they are convincing. As students of the traits of human nature they rate high. In short, they know how to stalk their prey successfully. With

more sensitive and tender vegetables may be planted later, he added; after the cool nights have passed.

"Thinning of vegetables in the rows or hills is essential," said the horticulturist, "and as soon as all danger of frost is over thinning should be done. Row plants will not grow to a maximum size or quality if left too close in the rows, neither will vine plants give the best results when left too thick in the hill. Early thinning and thorough cultivation are inductive to the growth of a quality product.

"When plants such as cucumbers, melons, and tomatoes are planted or reset in the garden earlier than usual, it is a safe policy to cover the plants for a few days with paper caps or even newspapers to protect them from cold nights, heat during the day, or devastating winds. In a few days the covers may be removed when the plants have become established."

Giving some hints regarding cultivation, Mr. Rosborough said: "After the seed have been planted, the criti-

cal period will be just as the plants are coming through the surface of the soil. If the soil is well prepared, little trouble is usually experienced by the young plants not coming thru but on heavy soil that has a tendency to run together or on sandy soil that has become wet and baked, it is advisable to break the crust for the tender plants to come through, or else a poor stand may result.

"Should dry weather prevail during the gardening season, it is advisable to water the plants if possible. Watering should be done by flooding rather than by sprinkling. It is the root system which requires moisture and not the tops of the plants. Constant sprinkling of the soil with water from a garden hose may cause the plant rootlets to be shallow. The advantage of flooding is that it is more permanent in maintaining the moisture supply.

HASSELL TO BE TAKEN OUT OF PENITENTIARY

HASSELL TO BE TAKEN OUT OF PRISON AND PUT IN "SOME SAFE JAIL"

Austin, March 22.—George J. Hassell of Farwell, confessed slayer of thirteen persons, "will be taken from the penitentiary and placed in some safe jail" until the court of criminal appeals decides his case. He will not die March 25.

Reese Tatum, court official at Dalhart, today wired Governor Dan Moody that the sheriff of Farmer county has been ordered to take Hassell to another jail pending action on an appeal yet to be filed in the court of criminal appeals.

Hassell cannot be executed while an appeal is pending. W. B. Gatewood secretary to the governor said today that it is believed Hassell was illegally sentenced as an appeal technically was pending at the time, by virtue of a "notice of appeal."

Although Hassell actually was sentenced and sent to the penitentiary he is claimed to have notice of appeal which legally would have prevented sentencing him, the governor's office said.

Hassell has filed no appeal in the court of criminal appeals and cannot do so unless he was sentenced despite his giving notice of appeal thus making it illegal, W. Finger, clerk of the court of criminal appeals, said.

Due to the interpretation of the case that holds Hassell was illegally sentenced on account of his asserted action in giving notice of appeal, further action by Governor Moody, who previously granted Hassell a 30 day reprieve, will not be necessary since Hassell cannot be executed while an appeal is pending.

FORMULA GIVEN FOR KILLING CUT WORMS

COUNTY AGENT GEO. BANZHAF
COMES TO RESCUE OF
FARMS & GARDEN

Our extension Entomologist and his associates at College Station are much concerned over the widespread infestation of cut worms which threaten to upset our safe farming program in many counties.

We have reports of spring gardens here in our county, being absolutely wiped out by the cut worm. And we may expect the stand of corn and cotton in many fields being severely injured by these worms.

Mr. R. R. Reppert, Entomologist, Extension Service, A. and M. College says that cut worms are among our easiest insects to control, but since they often are present in vast numbers, especially in fields of grass and weeds during the winter, and since they work quickly, often destroying a stand of cotton over night, control measures must be promptly undertaken.

Where cut worms are found to be present in a field, the sprouting crop can be protected by the application of poison bran mash. If this is delayed until the damage has begun, its prompt application may save the remainder of the stand.

Where one stand has been ruined, and the crop is replanted the same material should be distributed along the planted rows just before the new plants push through the ground.

The poison mash is made after the following formula:

Paris Green or White Arsenate, 1 pound; Coarse Wheat Bran, 20 pounds; Lemons finely ground in a meat chopper, and juice included, 6 fruit; Cane or sorghum molasses, 2 quarts.

Water sufficient to make a moist mash that will not be sloppy. The poison and bran are mixed together thoroughly while dry. The liquid materials including about two gallons of water, are thoroughly mixed and then added to the bran mixture and the whole mixed by hand so that every particle of the bran is moist. Addi-

tions of water are made until a mash is obtained as wet as possible and still so that it readily falls apart when being distributed.

Cut worms remain hidden during the day and feed at night. They are best attracted to the poison mash when it is moist, consequently applications should be made in the late afternoon. For the protection of cotton and field crops drilled in rows, it should be distributed in a thin line along the row, the cotton planter often being utilized for that purpose.

A thin line of mash can also be used for garden crops in rows. If the garden or field crops are planted in hills, it will often be best to distribute the poison mash at the base of the plants about one-fourth teaspoonful to each hill.

NOTICE!

DO NOT OBSTRUCT STREETS OR THROW TRASH
IN DITCHES OR ON SIDEWALKS

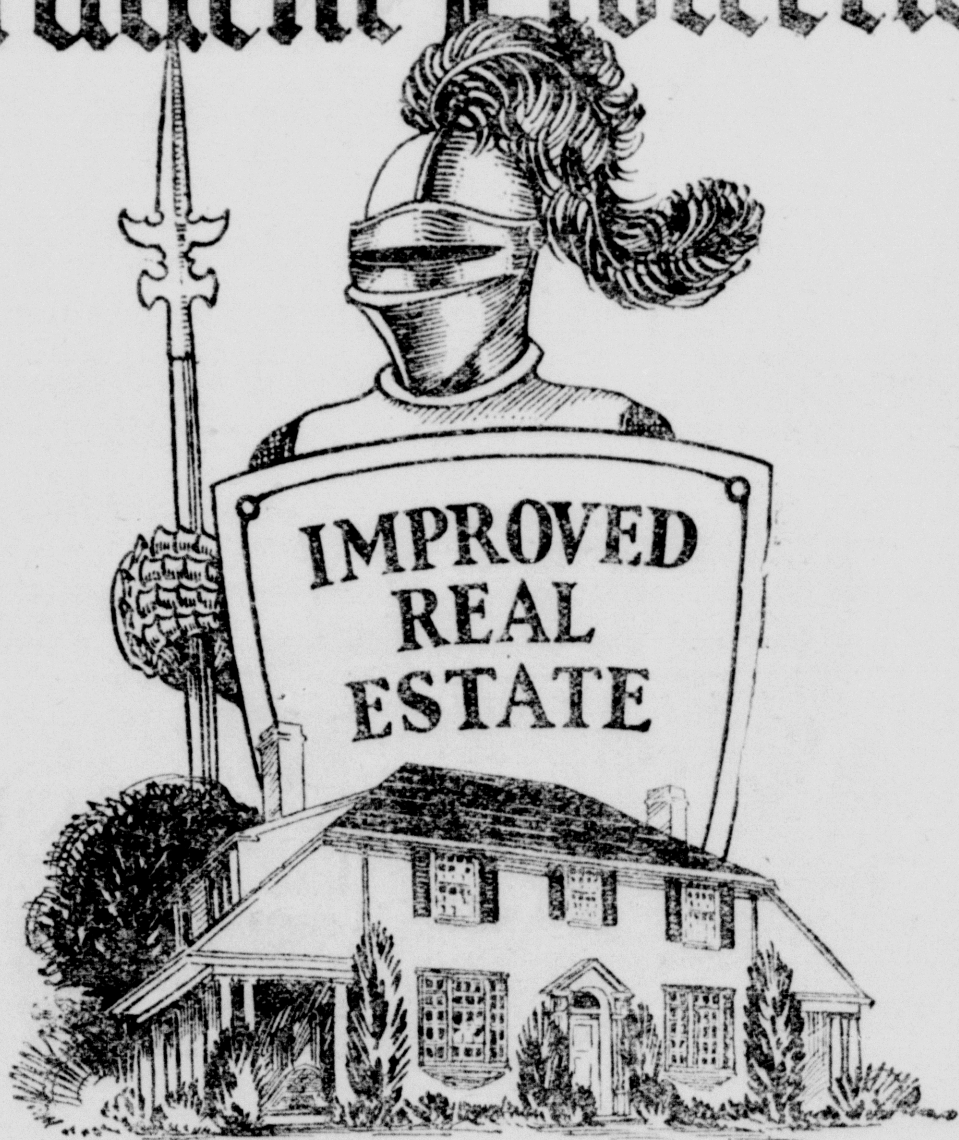

The ordinance prohibiting the obstruction of streets will be enforced. It has become necessary to call attention to this ordinance and to ask the co-operation of the people in its observance.

Those who pile trash and refuse in gutters and in the streets are obstructing the streets in violation of the City ordinance defining public property and are hindering the work or drainage. The following extract from the ordinance will be enforced:

Section 6: "Any person who shall obstruct, or injure, or cause to be obstructed or injured, any street, side walk, avenue or alley, in this city, with wagon, carriage, cart, hack, buggy or other vehicle, boxes, lumber, timber, fire wood, posts, awnings, signs, or other substances or materials in any manner whatever, shall be deemed guilty of a misdemeanor and upon conviction, shall be fined not less than one hundred dollars nor more than two hundred dollars."

By Order of the CITY COUNCIL.

WHAT THE CITY COUNCIL
IS DOING

A. & M. College has been asked to supply the city with a tree surgeon to do work on the trees in the city park. W. O. Triggs, in charge of this work is giving the city good service in this assignment. The trees need attention and the city will save them if possible.

Warning against throwing trash in the streets and obstructing them is issued by the street department. Mr. Green in charge of the work calls attention to the ordinance which makes finable the offense of obstructing streets. Mr. Green is attempting to give the city a better drainage system and says he cannot successfully do this work unless he gets the co-

BADLY RUN-DOWN

Lady Was Very Depressed on
Account of Poor Health.

Mrs. H. S. Miller, of Spindale, N. C., says: "Five years ago I was very much run-down in health. I would give anything to have to go to bed. I read of Cardui. My husband got me a bottle and encouraged me to take it. I was almost a skeleton, I was so thin. I was run-down and my general health was very poor. This was very depressing and I was in low spirits. My husband had to help me around. He did all he could for me and had me keep up Cardui. I continued taking the medicine for several months and it was wonderful the improvement made. I gained over twenty pounds in weight, and I felt so much better besides. This gain was permanent, too. I have never lost it and my general health has been much better since I took Cardui."

At all drug stores.

RUN-DOWN

Cardui Starts Missouri
Lady On Road To
Health Again.

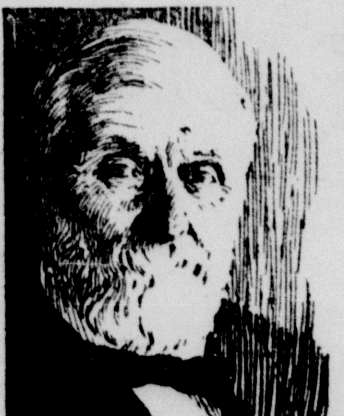

Mrs. T. G. Harris of Clarksburg, Mo., writes: "For two years, I was in very poor health, almost past going, so weak and run-down. I tried to make the most of what little strength I had left, but I could find nothing to start me on the road to health again until, one day, I decided to try Cardui. I took Cardui for several months and was very much gratified with the results. I began to do my own work again. My color, which had been pale and fallow, became natural. My complexion cleared up. Cardui was just the tonic I needed."

Take Cardui if you are run-down. It should do you good. At all druggists.

DR. W. B. CALDWELL
AT THE AGE OF 83

To Dr. W. B. Caldwell, of Monticello, Ill., a practicing physician for 47 years, it seemed cruel that so many constipated infants and children had to be kept constantly "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils.

While he knew that constipation was the cause of nearly all children's little ills, he did not believe that a sickening "purge" or "physic" was necessary.

In Dr. Caldwell's Syrup Pepsin he discovered a laxative which helps to establish natural bowel "regularity" even if the child is chronically constipated. Dr. Caldwell's Syrup Pepsin not only causes a gentle, easy bowel movement but, best of all, it never gripes, sickens or upsets the most deli-

cate system. Besides, it is absolutely harmless, and so pleasant that even a cross, feverish, bilious, sick child gladly takes it.

Buy a large 60-cent bottle at any store that sells medicine or write "Syrup Pepsin," Monticello, Illinois, for a FREE SAMPLE BOTTLE and just see for yourself.

15 RURAL SCHOOLS IN MEET EXHIBITS HERE

SCHOOLS COMPLIMENTED ON
SHOWING OF WORK—WIN-
NERS ARE ANNOUNCED

The school exhibit was one of the outstanding features of Interscholastic Meet. The corridors and class rooms of the Ada Henderson Building with their beautiful pictures, made a most attractive setting for the specimens exhibited.

The work consisted of posters, booklets, weaving, cigar box furniture, miniature picture shows, relief maps, clay modeling, tiny houses, borders and dozens of other things which showed that teaching today is becoming a science that helps the child to find himself. Many things are taught besides reading, writing and arithmetic. Some of the little girls may never reach grades where domestic science is taught, but each little girl may learn in the primary rooms how to take her first stitches and how her room may be made attractive with little effort and expense. Some little boy may receive inspiration from these tiny models that may make of him an architect or artist of first rank.

Every school that entered is to be commended for the good work done and for the attractive arrangements of specimens exhibited. Hundreds of people filed through the corridors on Friday and Saturday, and were delighted with the evidence of good work being done in this county.

In class A schools, Cameron, 1st place.

Class B schools, Thorndale 1st place.

Rural High Schools, San Gabriel 1st place.

One, two and three teacher schools, Curry 1st place, Gay Hill, 2nd place, Hamilton Chapel, 3rd place.

Schools that entered were as follows: Corinth, New Salem, Maysfield, Oak Hill, Gay Hill Walker's Creek, Hamilton Chapel, Currie, Salem, Bethlehem, Belmena, Branchville, Sharp, San Gabriel, Thorndale and Cameron.

BREAK CHEST COLDS WITH RED PEPPER

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

"Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known. Always say "Rowles."

Fire Penalty Again Charged To Cameron

Austin, Texas, March 19.—Twenty-seven additional Texas cities and towns have been allowed the maximum credit of 15 per cent off the final rate by the Fire Insurance Commission for good fire records covering 1924, 1925 and 1926. Charges because of bad fire records were assessed against sixteen cities and towns, and four received neither credit nor charge. A charge of 3 per cent was assessed against Fort Worth.

Cities and towns receiving the 15 per cent credit are:

San Antonio, Alamo Heights, Beeville, Brownsville, West, Sonora, Somerville, Seagraves, San Saba, Rowena, Mertzon, Marfa, Laferia, Goldwaith, Godley, Frisco, Crowell, Cross Plains, Crockett, Coolidge, Canyon, Bardwell, Austwell, Alpine, Alto and Amarillo.

Twelve per cent credit: Tioga, Moran, Haskell, Eastland, Brownwood and Breckenridge.

Nine per cent credit: Archer City and Laredo.

Six per cent credit: Winnsboro and McLean.

Three per cent credit: Paris.

The maximum charge of 15 per cent was assessed against the following because of bad fire records:

Cameron, Cooper, Ector, Floresville, Groveton, Harlingen, Ladonia, Malone, Normangee, Morgan, Saint Jo, and Snyder.

Nine per cent charge: Nocona.

Twelve per cent charge: Texarkana.

Three per cent charge: Ft. Worth and Whitewright.

Neither credit was given nor charge assessed against Stamford, Spearman, Eddy and Deport.

Rufus Choate was receiving valuable advice from a solicitous friend, none other than Edward Everett. "My dear friend," said he, "if you are not more self-considerate you will ruin your constitution." "Oh," replied Choate, "the constitution was destroyed long ago. I am living on the by-laws."

Whenever a man is compelled to rely on the hope and probability of the next week's salary he is living on the "by-laws." It is nerve-wrecking business and his health's salvation rests alone on building up a sound constitution: a Savings Account, the one great, ever-ready financial recourse.

YOUTHFUL BABE RUTHS

Where two or three boys are gathered together there is the start of a ball game. It matters not that an alley, a street, backyard, is all that is available. The rules are adjusted to suit the conditions. The American boy holds a master's degree in accommodating himself to circumstances.

Observation is convincing that there is as much fun to be had in playing an alley game interrupted frequently by passing trucks and with improvised equipment as under conditions where there is more room and nothing to interfere with the progress of the game. If a mitt salvaged from a rubbish heap is not the prized possession of some boy something else can be made to supply the deficiency, for no self-respecting boy would try to play ball without giving at least an imitation of flossing a mitt. And games of this character are thoroughly democratic. There is no snobbery, no race prejudice. Boys of a half-dozen shades of color may participate but all are Americans because they are devoted to the national game.

One who observes the efforts of small boys in playing ball amid such restricted surroundings cannot repress a regret that better facilities for play are not afforded. Yet those who make the best of what they have are learning a valuable lesson, though they may not be aware of it. The small boy who is able to play in the confines of an alley and get a lot of fun out of it is imbibing instruction in the philosophy of getting something out of life wherever life finds him. He should have a better place to play but a wider space might make less demand on his ingenuity. Thus there are lessons to be learned in cramped quarters for the boy who is alert.

And the right kind of a boy who learns to make the best of an alley will be the kind who will make the most of his circumstances in later life and he is not likely to be satisfied with an alley when he gets old enough to work for himself in the more serious game of life.

DO YOUR SHOPPING NOW

There are many things which December and April do not have in common, weather being the first point on which they differ, but there is one bit of good advice which can be accepted without question either in December or April. This message of pure wisdom is: "Do your shopping early."

The buying public has learned from sad experience that Cameron stores do not emulate the traditional "general store" in buying stocks in the lumpy for the next five years. Parodying that bromide, "the early bird catches the worm," if it can be said with truthfulness that "the early shopper catches the pride of the shops." If you don't buy early you take what the other shoppers have refused.

Spring and summer buying is limited chiefly to wearing apparel, household needs and the implements of out-of-doors life. At this time of the year the mind of every man, woman and child turns to the thought of light and colorful raiment, to furnishings which will lend a cool summery atmosphere to the city home and to the multitude of accessories to summer play. Our merchants recognize this seasonal demand and provide amply for it, but it is manifest that the wide choice of the new stocks that the wide maintained to the end of the season.

Many people defer their summer buying until the passing of spring. Others advance their seasonal buying a few weeks and give themselves the privileges of leisurely shopping

and wide choice. The late shopper saves no money and loses that enviable satisfaction given only to the early shopper.

The summer stocks are fresh on the counters. The very first choices are already being made. He and she who hesitates will lose. Shop early for summer as well as for Christmas.

CLEAN-UP TIME IS HERE

Springtime is the time of new things, when the old and decadent give way to nature's new birth of foliage and plant life, and all the world puts on a new raiment.

Spring also is the clean-up season, when man's habitation should be made to harmonize with nature.

Where there is filth there is nearly always disease. Disorder is accompanied by waste, danger and decay. Dirt and disorder are the greatest enemies to public decency, health and safety.

A few clean and orderly homes in a select residence district can never safeguard the entire community. A single filthy home, dirty backyard, or a stagnant pool may easily become the source of an epidemic of fatal diseases that will sweep a city. A trash pile may start a general conflagration.

Every thrifty housewife knows the need and the joy of household cleanliness. She has a general housecleaning twice a year, when she changes her furnishings, but she keeps her home immaculate all the time. No semi-annual nor "annual bath" for her home.

Every individual should be as proud of his city and his habitation and its environments as the most immaculate housekeeper is proud of her home.

SUNDAY AFTERNOON WALKS

Some customs and institutions pass away so swiftly and completely that a succeeding generation can scarcely realize to what extent such a custom was once prevalent and how much it meant to the generation that came before.

The boys and girls, men and women who live in our large cities can not appreciate how much the pastime known as the Sunday afternoon walk once meant to people who are now along in years. This diversion is not to be compared to what is now known as hiking; the Sunday afternoon walk was not so strenuous and energetic as this latter-day form of leg-exercise.

The modern hiker expects some tangible returns on his investments. He is out for air and exercise and he purposes to get them. Over hill and dale along the country road he stretches his legs and the more tired he gets the better he likes it. Though he has no particular destination in mind and sets no time limit on his performance the modern hiker is none the less a very business like person.

Not so with the Sunday walker of a generation or two ago. His was a leisurely proceeding. He was in search neither of romantic scenery nor of violent exercise. His performance consisted of nothing more strenuous than an amiable ambling through parts of the city into which he did not venture every day, or perhaps his stroll took him for a short way out into the country.

But it is gone, this custom. One by one conditions changed as mechanical inventions came in to cut us off from this simple pleasure. The bicycle, the automobile, the motion picture show, and the commercialized amusement park—all contribute to supplant the Sunday afternoon walk with something more hurried and feverish than we had ever known before. We have become hot in our pursuit of pleasure and diversions; we must be always going somewhere, and when we get there we must either be entertained or hurry off elsewhere.

BASEBALL

If somebody on a crowded thoroughfare today was to shout "swat a fly" every woman on the street would rush into the nearest department or hardware store for a fly swatter and every man and boy would look around for the nearest newsboy to find out from the sporting page when the baseball season officially opens. It's only a matter of where your mind is and in the month of March the mind of man strays not far from thoughts of baseball.

For weeks now the major league teams have been in their southern training camps preparing for the opening game in April. For the real dyed-in-the-wool fan the season really opens when the clubs go into training and for the youngsters the season opens as soon as the snow melts off the vacant lot. Flies are already being swatted on the sand lot.

Where the inveterate diamond dopsters congregate one unversed in the intricacies of the "great American game" might presume that the world series was an event of tomorrow and of a sensational sport. And, in fact, it is a perennial pastime when there is April to October, the autumn post-

kept in mind the playing season from mortems, the winter prognostications and the spring training season.

Who cares if the rest of the world cares not for this American king of sports?

SPRING

Spring arrived today with its one thousand and one suggestions. For all, it suggests surcease from the rigors of a heartless winter. And for some its suggestions, or a few of them, are housecleaning in the office, vacation time approaching, new automobiles, old automobiles to be overhauled, Easter clothes to be shopped for by some and paid for by others, last year's straw hats and summer suits to be re-discovered, garden seeds and faint dreams of fair harvests, automobiling, "parking sparking," opening of the baseball season, bathing and beach censors.

Spring is one of the two neutral seasons of the year. The other is fall. Winter has its irreconcilables and summer its rank partisans, but spring strikes a happy medium. You can dread winter and adore summer or you may have a preference for winter over summer and retain a warm regard for the intermediate seasons.

Those who are reminded by spring of the hot weather to come should find solace in the thought that the coal man must live on his interest for six months and those who are concerned over the wear and tear the new balloon tires must soon undergo have the consolation that the strain on the rugs and furniture at home will be relieved.

An open mind is all right if you know when to close your mouth.

A hypocrite is a man who can't even believe what he hears when he talks to himself.

Blessed are the poor. They get up early enough to enjoy these beautiful mornings.

About the only people who suffer in silence are those who suffer when required to remain silent.

There are many persons who have schemes for helping themselves any other way than by working.

The laws of nature are always enforced.

Looking down on others doesn't place you above them.

The world changes in spite of those who refuse to believe it.

Elinor Glyn advises the American girl "to cling to her youth." The only objection to this is that it leaves talcum on his lapels.

Wash Kidneys
If They Hurt

Take Salts to flush Kidneys if
Back pains you or Bladder
bothers.

Flush your kidneys with salts occasionally, says a noted authority, who tells us that too much meat and rich food may form uric acid, which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salts is made from the acids of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys; also to neutralize the acids in urine so it no longer irritates, thus often ending bladder weakness.

Jad Salts is inexpensive; can not injure and makes a delightful effervescent lithia water drink.

Three Injured In Wreck On Rockdale Road Friday Evening

Rockdale, Texas, March 21—While returning from the county interscholastic meet, which was held in Cameron, Friday evening, three cars collided seven miles north of Rockdale, on the Cameron road.

A truck filled with Rockdale school pupils was in the lead, coming close behind was a car driven by Otis Curry of Hicks and filled with small children; Curry turned out to pass the truck, and when about half way, a Ford car occupied by negroes, who had been in Rockdale attending the interscholastic meet tried to pass also, driving at top speed. The negro car crashed into the Curry car knocking it into the truck and throwing the occupants out; Gladys Curry, a 12 year old girl, who had declaimed at the meet, was badly cut about the head and right arm and was rushed to the Cameron hospital, where several stitches were taken. A younger Curry girl, Margaret, was also cut about the face, and Otis Curry, the older boy, had his left hand badly lacerated. It was necessary for Gladys Curry to remain in the hospital through Saturday.

Several occupants on the truck were also bruised and shaken up. None of the negroes were hurt.

Rockdale, Tex., March 24.—In the city school board and alderman election held Friday, March 18, for the purpose of electing three school trustees to succeed John E. Cook, E. B. Phillips and R. E. Roberts and to succeed J. T. Marrs and J. Branch Lewis as aldermen in Wards Nos. 1 and 2; the trustees were reelected as was J. T. Marrs, and N. M. Stricker was elected in the place of Branch Lewis, who had resigned.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

SULPHUR IS BEST TO CLEAR UP UGLY, BROKEN OUT SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Mentho-Sulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment of disfigurement. A little jar of Rowles' Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.

Watch Elimination!

Good Health Depends Upon Good Elimination.

RETENTION of bodily waste in the blood is called a "toxic condition." This often gives rise to a dull, languid feeling and, sometimes, toxic backaches and headaches. That the kidneys are not functioning properly is often shown by burning or scanty passage of secretions. Thousands have learned to assist their kidneys by drinking plenty of pure water and the occasional use of a stimulant diuretic. 50,000 users give Doan's signed endorsement. Ask your neighbor!

To Enroll Southern Veterans; Medal Is To Be Given Each

Atlanta, Ga., March 18.—The enrollment of all living Confederate Veterans, numbering approximately 40,000, in a special "Gold Star" section of the Book of Memory, is being backed by two of the most extensive organizations in the South, the Sons of Confederate Veterans and the Confederate Southern Memorial Association.

La., Commander in chief Sons of Veterans, Lucius L. Moss, of Lake Charles, La., and Mrs. A. McD. Wilson, president general of the Confederate Southern Memorial Association, of Atlanta, have both pledged the support and co-operation of their organizations in the enrollment.

Many counties over the South have already completed the enrollment of all living veterans, and it is hoped by sponsors of the movement that every living veteran will be enrolled by the first of April, at which time the annual convention will be held in Tampa.

Texas Tech Is New Attraction For Textile Mills

A new factor to interest the textile industry in Texas has been produced by the State's newest addition to its higher education facilities—Texas Technological College. Although only in its second year, its student body of more than 1,500, many of whom already know cotton from the seed to the bale, is learning cotton from the opening of the bale to the finished bolt of cloth. Graduates from this school are destined to become leaders in the growing textile industry of the State.

Texas Tech has been fortunate in having the interest of the entire State behind it. Originally planned as a West Texas college following years of insistence from citizens of that part of the State for a technical educational institution, Texas Tech was founded on a broader plane as an all-Texas undertaking and is drawing its students from all sections of the State.

John W. Carpenter, vice-president and general manager of the Texas Power and Light Company, is a member of the original board of regents appointed for the school by Governor Neff, and has taken more than an ordinary interest in the institution, particularly the department of textile engineering. Mr. Carpenter has been actively engaged in spreading information about the possibilities for textile development in Texas and has visited many textile mills in the Southeastern States and New England to secure ideas for the development of similar mills in his State. He also founded the John W. Carpenter scholarship, which provides a sum annually for the student who makes the highest record in textile engineering. On his appointment to the board of regents, Mr. Carpenter, with Dr. P. W. Horn, president of the college, and others interested in the new institution, visited the principal textile schools of the East and appropriated the best ideas they found for the Texas school.

Through the efforts of Mr. Carpenter and Col. F. P. Holland of Farm & Ranch, a forty-eight-page booklet, describing the Texas Technological College and entitled "Textiles and the New Generation," was printed recently. This booklet tells of the history of the college, its progress and its aims. Ten thousand copies were sent out by the college to Texas citizens and prospective students, and also to textile mill owners in America, England and Japan.

T. P. L. Starts 1927 Campaign To Bring Mills To Texas

WALDO C. COLE

Waldo C. Cole, industrial commissioner of the Texas Power and Light Company, has been sent to Boston and other New England cities in an effort to bring a number of textile industries to Texas. John W. Carpenter, vice-president and general manager of the Texas Power and Light Company, announced recently. Mr. Cole will remain in the East at least six months, acquainting capitalists and textile mill owners with the possibilities in Texas.

The Texas Power and Light Company has inaugurated a year's advertising campaign in national textile and manufacturing magazines, to be devoted to spreading information about the industrial possibilities of Texas in the textile industry.

Mr. Carpenter, himself a native Texan, has devoted much of his time the last five years to trips through Northern and Eastern States to confer with capitalists interested in the textile industry and bring back ideas that would be helpful in the industrialization of his State. Several of the newer textile mills are now operating in Texas as the result of Mr. Carpenter's efforts.

Mr. Cole was reared in the cotton mill sections of the Carolinas, where he received much of his practical training. Until a few years ago he was in charge of one of the largest textile mills in Mexico.

Before leaving for New England, Mr. Cole made extensive trips through Texas, conferring with Texas mill owners, studying the growth of these mills and gathering detailed information and samples of the goods to use in presenting the case of Texas.

One of the newest advantages of Texas for textile mills which Mr. Cole will present during his stay in the East will be information about Texas Technological College at Lubbock, which has become one of the ranking textile institutions in the South, although only in its second year.

CAPT. R. F. COLEMAN IS DEAD AT BRYAN

END COMES AS HE ILLUSTRATED HOW GRANDMOTHER DIED

Bryan, Texas, March 19.—Capt. R. F. Coleman of Huntsville, 72 who had been in Bryan several days as a witness in the W. T. Hill case, died suddenly Saturday while sitting at the breakfast table at the home of a friend, J. R. Fain, with whom he had spent the night.

Coleman was telling the members of the family how his grandmother, when very old, died suddenly while sitting at the supper table. He illustrated the movement she made as life left her and as he did so his head sank on his breast. Mr. Fain lifted his head. He gave a gasp and died.

The body was sent to his home at Huntsville for burial.

Capt. Coleman was formerly warden of the Texas penitentiary, but resigned rather than become the State's official executioner. When the capital punishment law was changed from hanging by County Sheriffs to electrocution at the penitentiary he supervised the installation of the electrical devices but declined to officiate when death sentences were carried out.

Recently he has been operating a hotel at Huntsville. He had lived in Bryan, Cameron and Huntsville for many years. His wife survives him.

Capt. R. F. Coleman was for a number of years a resident of Cameron, having resided about one mile out on

the Buckholts road where he owned a home and farm. He had many friends here who will regret his death. Mr. Coleman was identified with the

prison system as a guard, having guarded convicts at Cameron when the Riverside farm was worked by convict labor.

RAYMOND SHARPE'S WHITE LEGHORN HENS. HERE'S THE RECORD

37 hens in two Egg Laying Contests—A. & M. College, College Station and John Tarleton College of Stephenville, Texas.

852 eggs in January, (a winter month.)

465 eggs in December from 20 hens winning FIRST and SECOND place.

Good records have been made by my hens for a number of years, for instance in 1925—4 hens laid 1040 eggs for the year.

I have spent years of breeding egg laying quality into my flock and before you pay out your hard earned money for eggs or chicks get my prices—this quality costs you very little more than the cheaper kinds.

I can fill only a few more orders for March delivery.

MILANO CUTS DOWN COTTON

Milano, Tex., March 22.—The farmers in this section are planning to cut down the cotton acreage from thirty to twenty-five per cent. The vegetable crop has been delayed on account of the late spring but prospects are for a bumper crop and farmers are looking about for markets from which to realize the most from their products. Practically all will be sold direct to the small merchants, cutting out the middle man profits, the G. C. & S. F. and I. G. N. railroads affording direct transportation for the farmers products to many markets.

How much does it cost to leave the lights burning?

This is a true story.

"Let's run back home in a taxi," said Mrs. R. to Mr. R. "I forgot to turn off the lights."

But they were on their way to a party and there wasn't time, so Mrs. R. worried all evening about her next electric light bill.

"Yet," said Mr. R. in telling the story afterwards. "a taxi would have cost \$1.50 but the lights cost only 18 cents."

The cost of electric light is too small a thing to worry about—especially when a lighted home is one of the best protections against burglars.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its
Natural Color, Gloss and
Attractiveness

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients. While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft, and luxuriant.

SOCIETY NEWS**INTERMEDIATE B. Y. P. U. PARTY**

On last Thursday evening Miss Imogene Sapp very charmingly entertained forty members and guests of the Intermediate B. Y. P. U. at the home of her parents Dr. and Mrs. M. C. Sapp. The house was very attractively decorated with St. Patrick's symbols and green and white streamers.

Their leader, Mrs. Don Slocumb, Mrs. Joe Casey and the sponsors, Mrs. Ray Jenness and Mrs. John A. Smith assisted in entertainment. Indoor games and strolls were enjoyed. Among the amusements planned for the evening were contest races in which John Mangum, Jr., and Guy Slocumb were winners and received a St. Patrick souvenir and a hat full of candy. Another delightful pastime was the drawing of a four leaf clover with their eyes closed. Miss Edwaine Lovick won in this contest and received some chewing gum in a neat package.

The hostess assisted by her mother, Mrs. Sapp and Mrs. Henley, served green and white brick cream and angel cake squares. Plate favors were baskets filled with green and white candy. The merry guests departed at a late hour, each declaring they had the best time ever.

MONDAY NIGHT BRIDGE CLUB

Mrs. Penn Wolf was hostess to the Monday Night Bridge Club on last Monday evening at her attractive home on East Eleventh, which was in gala attire for the occasion. A profusion of blue bonnets was used in decorations which formed a pretty setting for the players.

Mrs. Bert Miller won high score and was awarded a porch pillow. Consolation fell to Miss Jennie Brown, a dainty linen handkerchief.

The hostess served a salad course with hot coffee.

Miss Lois Burnett was a guest of the club.

BAPTIST W. M. U.

The W. M. U. met at the church Monday for Enlistment Service. Mr. Hutcherson conducted with a short devotional. After this service the ladies visited in the interest of Enlistment.

Next Monday the W. M. U. will meet in circles at 3:30 for a lesson in Royal Service.

Circle one with Mrs. John Hause.
Circle two with Mrs. W. E. Kuehl.
Circle three with Mrs. Clifton Jenness.

Circle four with Mrs. Fred Howard.
The Sun Beams will meet at the church Sunday afternoon at 2 o'clock.

The Royal Ambassadors will meet at the church Sunday afternoon at 2 o'clock.

The Girl's Auxiliary will meet at the church Sunday afternoon at two o'clock.

D. A. R. MEETING

Members of the D. A. R. met last Thursday afternoon with Mrs. Dow Eplen as hostess at her home on East 23rd Street.

An interesting program was enjoyed. Roll call was answered with some facts about a Texas poet. Mrs. Jeff Kemp read a paper on the history of Port Sullivan which was of much interest.

Following the historical program, a St. Patrick contest, "Pat Answers" afforded much merriment for the guests. A St. Patrick's hat filled with candy was given to the out of town guest, Mrs. Will McLane of Tyler.

The hostess served a delicious salad course with hot tea. Plate favors were St. Patrick souvenirs.

MISSIONARY SOCIETY

The Methodist Missionary Society held interesting meetings Monday afternoon in circles.

Circle one met with Mrs. Roy Baskin with fourteen members present. They had a lesson in Missionary Voice. A social hour followed and they worked on a quilt. Pie and coffee were served to the guests.

Circle two met with Mrs. C. E. Coleman. The Voice lesson was led by Mrs. W. I. Clark. Several members helped in the discussion. There were fourteen members in attendance.

Circle three met with Mrs. J. S. Bragg with ten members present. The Voice lesson was discussed and a business session was held.

Circle four met with Mrs. W. O. Triggs with eight present. Mrs. R. L. Batte led the devotional and Voice lesson, assisted by Mrs. Tom Denson and Mrs. W. O. Triggs.

The hostess served sandwiches, olives, salted nuts and hot tea.

CHRISTIAN AID SOCIETY

Members of the Christian Aid Society had a business meeting at the home of Mrs. J. S. Bradford on Monday afternoon. Rev. Howard Peters, who is conducting a series of revival services at the Christian church was present.

Next Monday afternoon the meeting will be held with Mrs. James Neinst at 3:30 o'clock.

PRESBYTERIAN AUXILIARY

The Presbyterian Auxiliary met in circles Monday afternoon in the following homes:

Circle one met with Mrs. Lu Meyers with three present. A business session was held.

Circle two met with Mrs. Ernest Eggert with five present. They had Bible study. The hostess served hot chocolate and cake.

Circle three met with Mrs. Judd Davis with four present. They had an interesting Bible study. The hostess served a salad plate with hot tea.

PERRY-BAKER

A. T. Perry and Miss Minnie Bell Baker of the Salty community were united in marriage here Friday night by Judge Jeff Kemp. The marriage was set for a later date but to comply with the wish of the groom's father, who was at the point of death, the ceremony was performed Friday night.

**DEMONSTRATION CLUB
BEN ARNOLD HOME**

The Home Demonstration Club met in the home of Mrs. W. A. Sproull, Miss Bartholmew and fifteen members were present. Demonstration was given in milk dishes which everyone enjoyed. The club voted on dues of 5 cents each month to help pay for the expenses. Fifty cents was sent to the Demonstration Club to apply on the scholarship that is given to girls.

Miss Bartholmew also talked on turkeys and told how to prevent the black head in small turkeys, and how to control the cut worm. The poison is made as follows:

One pound of Paris Green or White Arsenic, 20 pounds coarse wheat bran, 6 lemons finely ground in meat chopper and juice included, 2 quarts of molasses (cane or sorghum), water sufficient to make a moist mash that will not be too sloppy. The poison and bran are mixed together thoroughly while dry, then add the liquid materials, then the whole mixture is mixed by hand so that every particle of bran is moist. Sprinkle around plants.

There will be a special meeting at Mrs. C. C. Sproulls March 28 in the afternoon. Demonstration will be how to can chickens. Everybody is welcome.

The next regular meeting will be with Mrs. August Knipp April 20th, the subject will be Home Improvement. One new member was enrolled.

Reporter.**FEDERATION MEETING**

The Cameron Federation of Missionary Societies will hold its quarterly meeting at the auditorium of the Methodist church on Tuesday, March 29th at 3:30 o'clock.

The following program will be given:

Organ Prelude, Mrs. J. L. Clinton. Devotional Service conducted by Mrs. J. L. Denson.

Special Music, Mesdames C. S. Peyton and A. J. Triggs.

Business Session, Reports from all officers and committees.

Address by Mrs. A. J. Dossett of Waco.

Song 461.

SHERIFF'S SALE

By virtue of a certain order of sale issued out of the District Court of the Twentieth Judicial District of Texas, in and for Milam County, on the 3rd day of March A. D. 1927, in a certain cause wherein the State of Texas is Plaintiff and A. Curington and Joe Hampel are Defendants, upon a certain judgment rendered in said Court on the 19th day of January A. D. 1927, in favor of the said, the State of Texas, Plaintiff, and against the said A. Curington and Joe Hampel Defendants, for the sum of \$294.62 dollars, and interest thereon at the rate of six per cent per annum from the date of said judgment, together with all costs of suit, and foreclosing a tax lien upon the hereinafter described property, I have levied upon and seized, and will, on the first Tuesday in April 1927 the same being the 5th day of

A FREE PUBLIC LECTURE

ON MEXICO WILL BE GIVEN BY

PETER W. COLLINS

Internationally known Sociologist and Lecturer In
YOE HIGH SCHOOL AUDITORIUM

Cameron, Texas

THURSDAY MARCH 31, 1927

8 P. M.

AUSPICES CAMERON COUNCIL
KNIGHTS COLUMBUS

The lecture will be a popular presentation of facts about Mexico, its government, and its attitude to democratic ideas and institutions. The lecture is arranged as part of the Knights of Columbus Million Dollar Campaign for the education of the people against the domination of this continent by the Soviet.

Mr. Collins is especially well fitted to discuss Mexico. He has made a study of Mexico for twenty-five years and because of his expert knowledge was consulted by President Wilson in regard to Carranza and Mexican affairs. He was chosen by the trustees of the Church Peace Union, by such men as William Howard Taft, Cardinal Gibbons, Bishop Brent, President W. H. P. Faunce, the Rev. Francis E. Clark, and others of note, as a member of the commission to investigate the Mexican problem in 1920. He is an organizer of the American Federation of Labor and fully versed in the negotiations between the Mexican and American Labor Federations. Mr. Collins has lectured in over four thousand communities, talked to millions of men and women, answered thousands of questions put to him in public meetings, and has traveled over four hundred and fifty thousand miles in the past twelve years alone. He has devoted his life to presenting Americanism to American audiences and to opposing all forms of radicalism. He acted as Industrial Expert for the Government during the war, and was a member of Secretary Hoover's conference for the study of unemployment.

The Knights of Columbus campaign against radicalism is in full swing. Mr. Collins is one of many noted writers and lecturers now on the platform in the campaign. Three million booklets setting forth facts about Mexico have been printed and are now being distributed in North and South America. Three million more booklets are in preparation. The Knights of Columbus pledged themselves at their Supreme Convention in Philadelphia to pursue this campaign against sovietism in America.

Home Beautiful Move By Lions Club Will Quicken Interest

Royal P. Jeter of the Lions Club has issued plans for the Home Beautiful contest in Cameron.

The Better Homes Week sponsored by the National Association will be of interest.

Every phase of home making, from the selection of the site to the arrangement of furnishings and the planting of the home garden, will be featured in the forthcoming Better Homes campaign. Sponsored by Better Homes in America, the educational organization of which Herbert Hoover is president, this campaign will be carried on in every state in the Union and in Hawaii, Porto Rico, and Alaska. Nearly three thousand communities, large and small, are already at work, framing civic programs for improved housing and more wholesome conditions of living.

A better homes campaign aims to show by actual demonstration the best that each community can do to improve housing conditions and strengthen and improve home and community life. Such programs will mark the observance of Better Homes Week April 24 to May 1, from coast to coast and will range from lecture or discussion programs and home improvement contests in the smaller communities, to the building in the larger places of demonstration houses to accommodate an average family and priced within the limits of a modest income. The houses and their equipment and furnishings will be based upon economy, comfort, and beauty, and the entire program will be followed as a project by local schools and colleges, as well as by local civic organizations. During this time home economics teaching will reach out of the schools into every home in the community and parent and student together will work out problems which are designed to make better homes throughout the Nation.

Thus in the little primitive frontier town of Fairbanks, Alaska, where most of the homes are log cabins and

where modern conveniences are not unknown, but are too expensive for the average inhabitant, the problem of better homes is being considered. Under the direction of Better Homes in America, and sponsored locally by the Alaska Agricultural College and School of Mines, interest will be aroused by the showing of model cabins, comfortably and attractively furnished in keeping with the incomes of village folks. Lectures and demonstrations will help to instruct the people in Fairbanks in the best methods of improving housing conditions and eliminating drugery in home making.

In every state scores of communities, ranging in size from the smallest group of families to the largest metropolis, will take part in the campaign. In each of the five states—California, Illinois, Iowa, New York, Tennessee and Texas—more than a hundred communities are planning programs for Better Homes Week. Notable demonstrations are planned in Philadelphia, of remodeled housing; in Chicago, of new inexpensive housing; in Atlanta, of school participation; in St. Paul, of winter construction; and in scores of other large cities of new or remodeled housing and of permanent home information centers. But equally significant campaigns are organized in rural counties of the North, South, East and West, to meet the home needs of the farming population.

The Better Homes campaign, which will have its culmination in Better Homes Week, April 24 to May 1, is a non-commercial campaign of civic education, arranged to help all American families to acquire comfortable homes and to attain a more wholesome home life. The work is carried on under the direction of Dr. James Ford, who is in charge of headquarters of Better Homes in America, 1653 Pennsylvania Avenue, Washington, D. C. That office will furnish to any Chamber of Commerce, Civic Club, Parent Teacher Association, Woman's Club, or other interested club or individual, complete information and guides for such a civic program.

MASKED WHIPPERS IN GEORGIA STIR FOLKS

MASKED MOBS THREATEN ANARCHY AND GOVERNOR CALLED ON

Atlanta, March 15.—Georgia floggings have aroused church people of 81 congregations of that State to such an extent that an appeal has been made to the Governor to bring those guilty to justice.

In a resolution adopted Monday, the Christian Council, representing these congregations, made their petition to the chief executive, declaring that Georgia is being disgraced in the eyes of the world.

A survey made by the Atlanta Constitution brought the recent acts of mob violence in three counties into public notice. In Toombs County, it was said, masked bands have held "weekly whipping parties" for more than a year. The total persons whipped, it is estimated, was more than 100. In this county and in Treutlen County, where H. M. Flanders, editor of the Soperton News, was whipped the Constitution correspondent declared, his investigation showed that two groups have taken the law into their own hands and cowed those who are in favor of law and order.

Masked bands in Toombs County have whipped women, the correspondent said. These bands have paraded in robes and other regalia, he declared. Among the known victims are: A man who was said to have deserted his wife, another whom the masked men did not think had paid a fine quickly enough for violation of the prohibition law, a married woman accused by her assailant of misconduct, father, son and daughter, a preacher a man who was "drunk and lazy" and a married woman about to become a mother, all charged with "immorality."

The Constitution said that out of all these whippings, which are common knowledge, not one man has been punished.

Hail Stones Kill Geese And They Are Dropped From Clouds

Nacogdoches, Texas, March 19.—One of the strangest freaks of storms has been reported here.

During the course of a hailstorm in the Melrose community, ten miles east of here, wild geese dropped from the clouds with the big hailstones.

Investigation by astonished farmers revealed the geese were a part of a flock which were passing northward as the storm came up and were

struck down by the hailstones.

Several farmers had goose for dinner that day, according to Elwood Seale, a farmer.

CAMERON WINS CLASS A ATHLETICS HERE FRIDAY

(continued from page 1)

He ran the high hurdles in 16.8 which is exceptionally good time when the condition of the track is taken into consideration. Hubert Ard won the 100 yard and 229 yard dashes and took second in the broad jump and third in the shot put to get his fifteen points. He was injured in an automobile wreck on Saturday following the meet and this will seriously handicap the Yoe track team. He was one of the strongest links in the Medley Relay team that is entered in the Texas Relays on next Friday. Mr. Perkins is to be congratulated on the splendid condition of his squad which was exceptionally fine in spite of the fact that they have been seriously handicapped by bad weather keeping them from practicing.

The winner of each event and the total number of points of each team are given below:

120 yard high hurdles—D. Slocumb, Cameron, first; H. Harlan, Cameron second; L. Rinn, Rockdale, third and L. Dyer, Rockdale, fourth. Time, 16.8.

DR. W. B. CALDWELL
AT THE AGE OF 83

To Dr. W. B. Caldwell, of Monticello, Ill., a practicing physician for 47 years, it seemed cruel that so many constipated infants and children had to be kept constantly "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils.

While he knew that constipation was the cause of nearly all children's little ills, he did not believe that a sickening "purgative" or "physic" was necessary.

In Dr. Caldwell's Syrup Pepsin he discovered a laxative which helps to establish natural bowel "regularity" even if the child is chronically constipated. Dr. Caldwell's Syrup Pepsin not only cures a gentle, easy movement, but, best of all, it never gripes, sickens or upsets the most delicate system. Besides, it is absolutely harmless, and so pleasant that even a cross, feverish, bilious, sick child gladly takes it.
